Outboard Engine Range (2.3 - 20 HP)

Model	Type	HP	Shaft	Direction	Description	RETAIL €	RETAIL €	RETAIL €
						Nett vat	Vat 21.5%	Incl Vat
BF2.3	SCHU	2.3	Sid	Tiller	The Honda 4-stroke BF2.3 engine is lightweight, easily transportable and ideal for small boats, inflatables and sailing boats. It boasts a unique Centrifugal Clutch which stops the propeller turning when the engine is idle. (Long Shaft add 10 Euro)	567	122	689
BF5	SBU	5	Sid	Tiller	The Honda 4-stroke BF5 engine is lightweight, easily transportable and ideal for small boats. Some features include the new programmed ignition system, separate fuel tank and underwater Exhaust system. (Long Shaft add 20 Euro)	1003	216	1219
BF8	SHU	8	Sid	Tiller	The Honda 4-stroke BF8 engine is the fastest and lightest in its category. It is equipped with a large gear-shifting lever located in the engine front, an easy to use throttle friction knob and a tool-less steering friction lever that allows very easy operation. (Long Shaft add 30 Euro)	1810	389	2199
BF10	SHU	10	Sid	Tiller	The Honda 4-stroke BF10 engine is the fastest and lightest in its category. It is equipped with a large gear-shifting lever located in the engine front, an easy to use throttle friction knob and a tool-less steering friction lever that allows very easy operation. (Long Shaft add 30 Euro)	2057	442	2499
BF15	SHU	15	Sid	Tiller	The Honda 4-stroke BF15 provides smoother acceleration and enhanced fuel efficiency with a microprocessor-controlled ignition system that optimises ignition timing at any speed. (Long Shaft add 50 Euro)	2353	506	2859
BF15	SHGU	15	Sid	Tiller	The Honda 4-stroke BF15 provides smoother acceleration and enhanced fuel efficiency with a microprocessor-controlled ignition system that optimises ignition timing at any speed. Standard features include Electric Start and Honda's easy to use lightweight Gas Assist lift. (Long Shaft add 50 Euro)	2551	548	3099
BF15	SRU	15	Sid	Remote	The Honda 4-stroke BF15 provides smoother acceleration and enhanced fuel efficiency with a microprocessor-controlled ignition system that optimises ignition timing at any speed. (Long Shaft add 50 Euro)	2798	601	3399
BF20	SHU	20	Sid	Tiller	The Honda 4-stroke BF20 provides smoother acceleration and enhanced fuel efficiency with a microprocessor-controlled ignition system that optimises ignition timing at any speed. (Long shaft add 50 Euro)	2534	545	3079
BF20	SHGU	20	Sid	Tiller	The Honda 4-stroke BF20 provides smoother acceleration and enhanced fuel efficiency with a microprocessor-controlled ignition system that optimises ignition timing at any speed. Standard features include Electric Start and Honda's easy to use lightweight. (Long Shaft add 50 Euro)	2798	601	3399
BF20	SRU	20	Sid	Remote	The Honda 4-stroke BF20 provides smoother acceleration and enhanced fuel efficiency with a microprocessor- Long controlled ignition system that optimises ignition timing at any speed. (Long shaft add 50 Euro)	2962	637	3599

Outboard Engine Range (30 - 225 HP)

Model	Type	HP	Shaft	Direction	Description	€	€	€
						Nett vat	Vat 21.5%	Incl Vat
BF30	SRTW	30	Sid	Remote	The Honda 4-stroke BF30 3-Cylinder engine features the PGM-IG electronic ignition which provides the optimum ignition timing at any engine speed, improving overall performance and the auto-start enrichment system automatically adjusts the air/fuel ration for quick and easy choke-free starting every time. (Long shaft add 100 Euro)	4608	991	5599
BF50	LRTW	50	Long	Remote	The new Honda 4-stroke BF50 engine offers great acceleration and top performance without increasing fuel consumption. Armed with ECOmo technology and a smart new Lean Burn system, the BF50 is lean, clean, quiet and lightest in its class.	6090	1309	7399
BF60	LRTW	60	Long	Remote	The newly designed light weight water cooled 3-cylinder engine, affords boaters the fuel efficiency and quiet operation of Honda's 4 stroke outboard engine technologies combined with powerful acceleration. The engine configuration with an electronic fuel injection system (PGM-FI)*1, Honda's unique patented Boosted Low Speed Torque system (BLAST)*2 and a high performance gear case, combine to deliver best-in-class hole shot and speed.	TBC	TBC	TBC
BF75	LRTW	75	Long	Remote	The Honda 4-stroke BF75 engine is the lightest in its class with a sleek ergonomic design features a streamlined, compact, low-profile body. It is a super powered engine which offers explosive acceleration and top performance with BLAST (Boosted Low Speed Torque).	7900	1699	9599
BF90	LRTW	90	Long	Remote	The Honda 4-stroke BF90 engine is the lightest in its class with a sleek ergonomic design features a streamlined, compact, low-profile body. It is a super powered engine which offers explosive acceleration and top performance with BLAST (Boosted Low Speed Torque). It also incorporates Honda's exclusive state of the art VTEC valve timing system for added torque and power in the whole RPM range. Add additional €300 for BF90 XRTW	8394	1805	10199
BF150	XU	150	Extra Long	Remote	The Honda 4-stroke BF 150 engine is the cleanest and most economical engines in its class. It features a Linear Air-Fuel (LAF) sensor, which precisely measures the air/fuel ration. The very smooth and precise gear shifting offers exceptional manoeuvrability. The twin balance shafts reduces noise and vibration from the engine, providing a comfortable and enjoyable experience.	11522	2477	13999
BF225	XU	225	Extra Long	Remote	The Honda 4-stroke 6 cylinder BF 225 engine is packed with power and is equipped with Honda's VTEC system, which is the same valve timing system Honda uses for its award-winning Formula 1 race cars. This provides smooth operation at all revs, with strong acceleration from low revs, and then kicks in at high revs to give you an incredible boost of top-end power.	14814	3185	17999
